

Percussion Notes/Domino Products

Notrix 7.0 Build 20190401
 Powerflow 7.0 Build 20190401

We maintain our certifications on all major versions of HCL Domino, OS, and supported databases including:

- HCL Domino 10,11,12 & 14*
- Windows Server 2025
- Windows Server 2022
- Windows Server 2019
- Windows Server 2016
- Windows 11
- Windows 10
- MS SQL Server V2018+
- Oracle 18c - 21c+
- IBM DB2 V10.1
- IBM Informix V12.10.04
- IBM iSeries i7.1
- Sybase ASE 16.0
- Teradata 17

Drivers Provided

If you are moving to 64-bit Domino you may need to change certain jobs to use ODBC drivers. The following table shows which drivers are available:

Database Variant	Domino 32-bit	Domino 64-bit
IBM iSeries/AS400	Yes	No
IBM DB2	Yes	Yes
Flat File	Yes	Yes
IBM Informix	Yes	Yes
MS SQL	Yes	No
ODBC	Yes	Yes
Oracle	Yes	Yes
Sybase SQL	Yes	No

With Notrix 7.0 and PowerFlow 7.0, we now utilize Unicode to seamlessly handle foreign languages including but not limited to Korean, Simplified Chinese, and Japanese etc.

* Notrix Engines (nxjob.nsf and nxprg.nsf) and PowerFlow engines (powrflow.nsf) are certified to be installed and run on 64bit HCL Domino servers; however, Notrix Visual Workbenches are only supported to be installed and running with 32bit HCL Notes Client configurations.
